a. **Team GB Student Panel**

PS explains that she has been invited to attend the Team GB Steering Group with key university stakeholders. She is intending to bring up the idea of creating a Team GB Student Panel, following the motion submitted by LS earlier in the year. PS explains that she has mentioned it to the key stakeholders previously but that no progress was made and so this could be a great opportunity to get some traction. PS asks the Zone for ideas on how it should be structured.

Feedback received:

- Student focus – making it transparent to students
- Better communication with students telling other students about it
- Students have a say in shaping the direction of the partnership

ACTION: PS to discuss further with LS as it was her motion.
